

Quarterly letter

Spirit of Africa has kicked off its new website along with its new building purchased last year and a lot has happened since then.

Not only have we secured the property next door for the rapid expansion we have the new tannery starting in the next couple of months. We are very excited about the changes and new developments and so are our clients. We are proud to be called Spirit of Africa taxidermy and our “spirit” can be seen in our work and craftsmanship.

New developments from last year until now.

We have also started on some awesome projects which include a massive 15ft croc and Stunning Black manned Lion just to name a few.

We are happy to invite everybody to our new facility and come see our work.

Keep an eye out for our next letter and feel free to contact us at any time.

Kind regards

Spirit of Africa Taxidermy Team
